PROJECTS

1. CommonSubDoc.com

- Developed an online platform aimed at streamlining the document sharing process for collaborative teams. It features user authentication, document version control, and real-time notifications to enhance team productivity and communication.

2. AltsMarketplace.com

- Developed an e-commerce platform dedicated to alternative investment opportunities, allowing users to buy, sell, and trade niche assets such as collectibles, art, and rare items.

3. CSD Saas

4. SyncPath Consulting

- Developed a fully responsive and dynamic single page application for SyncPath Consulting, showcasing the company's services in Salesforce consulting

5. Organic Foods E-commerce Platform

- Developed an e-commerce platform focused on organic food products, offering a seamless user experience for customers to shop for organic goods. The project was built with React.js for an intuitive and responsive front-end, Node.js for a scalable backend architecture, and MongoDB as the database solution.
